LETTER OF COMMENT

Comments:

I am writing to express my concern regarding the proposed increase in hydro rates and fees. As a customer, I am already struggling to keep up with current costs, and any additional increase would create an even greater financial burden. Hydro is an essential service that every household depends on. Many of us are doing our best to manage basic living expenses, and higher electricity rates make that much harder. I respectfully ask that Entegrus reconsider or delay any proposed increases, and explore options to better support customers facing financial hardship. Thank you for your understanding and attention to this important matter.
