LETTER OF COMMENT

Comments:

Good day, I am writing to please ask the Ontario Energy Board to deny Entegrus request to increase service fees and usage fees. My partner and I make a good living, we do everything we can to mitigate our hydro costs, such as no lights left on, laundry during office peak hours, etc. In spite of our efforts our bill currently is over \$400 /month. With a family of 4 and rising costs everywhere, how are families supposed to afford this? Please just say. NO. Help hard working families. Thank-you, Maegan Martin
