

**ONTARIO ENERGY BOARD**

**IN THE MATTER OF** the *Ontario Energy Board Act, 1998*, being Schedule B to the *Energy Competition Act, 1998*, S.O. 1998, c.15;

**AND IN THE MATTER OF** an Application by Alectra Utilities Corporation (“Alectra”) to the Ontario Energy Board for an Order or Orders approving or fixing just and reasonable rates and other service charges for the distribution of electricity as of January 1, 2026.

**INTERROGATORIES**

**ON BEHALF OF THE**

**SCHOOL ENERGY COALITION**

**2-SEC-1**

[Ex. 2-1-8, Tables 56, 57, 58, 59 and 60] Please provide the four years 2021-2024 of actual billing determinants, and forecast for 2025 of billing determinants that were used to forecast the billing determinates for 2026.

**2-SEC-2**

[Ex. 2-1-9, p.2 and Table 64] The Application states that ‘Starting in year 6 (2022) and continuing through to year 10 (2026), the ROE calculation excludes merger-related costs/savings adjustments. This approach ensures that the ROE calculation in years 6 to 10 (2022-2026) includes the savings Alectra Utilities achieved as a result of the consolidation, which is the basis for the ESM calculation.’

- a. Please recalculate the actual ROEs shown in Table 64 for the Alectra 4 RZs and Guelph RZ, including the Net OM&A Merger Savings using both 2017 and 2018 weightings.
- b. Please file RRR 2.1.5.6 calculations for 2024 for the Alectra 4 RZs and Guelph RZ that reconcile to the achieved ROEs provided in Table 64.

**2-SEC-3**

[Ex. 2-1-12, p.1-2]

- a. Please provide the preliminary results of the third-party depreciation study, indicating any changes from Alectra’s current useful lives and compare to the ranges provided in the Kinectrics Report.<sup>1</sup>
- b. Please provide the calculations which indicate to Alectra that the requested new DVA is forecasted to have credit balances of \$17M in 2025 and \$21M in 2026.

---

<sup>1</sup> EB-2010-0178, Asset Depreciation Study for Use by Electricity Distributors (the Kinectrics Report), July 8, 2010

**2-SEC-4**

[Ex. 2-1-12, p.3]

- a. Please provide the preliminary results of the Direct Labour Capitalization study.
- b. Please provide the calculations which indicate to Alectra that the requested new DVA is forecasted to have credit balances of \$6M in 2025 and \$5M in 2026.

Respectfully, submitted on behalf of the School Energy Coalition on October 2, 2025.
