The Ontario Energy Board (OEB) received Air Products' application for an electricity wholesaler licence on September 23, 2025. The OEB has assigned file number EB-2025-0280 to the application.

Upon preliminary review of the application, OEB staff has determined it to be incomplete. Accordingly, please be advised that the application cannot be processed until the following missing information is filed:

1. Section 7(b), Page 4: Officers, Directors and Key Individuals

The applicant submitted the names of two key individuals.

The OEB requires the applicant to list a minimum of 3 key individuals under section 7(b) of the application form. The applicant should also provide additional information about each key individual including their signatures in Section 13 on page 11.

Please submit information for one additional key individual in section 7(b) and use the attached form to provide additional information about this key individual.

The OEB will process the application after the noted information is filed with the Registrar at registrar@oeb.ca. Please submit both an electronic Word version and an

electronically signed, searchable PDF. If the above information is not filed within 30 days of the date of this letter, the OEB may close the file for this application.

Please note, Air Products is responsible for ensuring that the documents it files with the OEB, such as its evidence, responses to interrogatories and any other supporting documentation, do not include personal information (as that phrase is defined in the *Freedom of Information and Protection of Privacy Act*), unless filed in accordance with rule 9A of the OEB's *Rules of Practice and Procedure*.

Please direct any questions to Humphrey Kisémbé, Advisor, Transmission Policy & Compliance at humphrey.kisembe@oeb.ca. Please refer to the OEB file number noted above in all future correspondence to the OEB regarding your application.
