

Wasaga Distribution Inc.

Application for a Service Area Amendment

NOTICE OF HEARING AND PROCEDURAL ORDER NO. 1

October 3, 2025

Wasaga Distribution Inc. (Wasaga Distribution) filed an application with the Ontario Energy Board (OEB) on August 19, 2025, under section 74 of the *Ontario Energy Board Act, 1998*, to amend its licensed service area¹ to include a property located at 400 45th Street South, in the Town of Wasaga Beach, to its licensed territory.

Wasaga Distribution notes that the property was previously transferred to Hydro One Networks Inc. (Hydro One) pursuant to an OEB directive to eliminate long-term load transfers to improve efficiency and fairness of electricity distribution across Ontario. The vacant property will be developed in phases by Primont (Wasaga 2) Inc. and Sterling Group of Companies (collectively, the Customer) into a 660-unit residential subdivision. The application includes a letter from the Customer dated January 30, 2024, confirming its request to have Wasaga Distribution as its electricity distributor and confirming local support from the Town of Wasaga Beach.

Wasaga Distribution says a meeting with Hydro One regarding cost comparison estimates resulted in significant differences in scope assumptions, and that no further progress has been made to advance the Customer's request. Wasaga Distribution also confirms that Hydro One did not provide consent to the Application. As a result, pursuant to section 7.5 of the OEB's *Filing Requirements for Service Area Amendment Applications*, Wasaga Distribution included additional information in support of its application.

Wasaga Distribution says there will be no adverse impacts on the service quality or delivery for customers within the proposed amendment area, and as an embedded distributor within Hydro One, Wasaga Distribution will continue to pay upstream delivery charges to Hydro One for any future customers from the development of the sub-division.

¹ Refer to Schedule 1 of Wasaga Distribution Inc. License (ED-2002-0544)
