Dear Ritchie Murray:

Re: **Canadian Niagara Power Inc.**
2026 IRM Electricity Distribution Rates
Ontario Energy Board (OEB) File Number: EB-2025-0050

Ontario Energy Board (OEB) staff has completed its review of Canadian Niagara Power Inc.'s interrogatory responses, filed on October 17, 2025.

Following this review, OEB staff respectfully requests that the OEB allow for a second round of interrogatories. This request is specifically intended to further examine the accounting treatment of balances in Accounts 1588 and 1589, with a focus on Global Adjustment savings associated with power purchased from the National Grid, as well as the supporting workforms submitted as evidence.

Should the OEB grant this request, OEB staff commits to filing its supplementary interrogatories on an expedited basis. This will ensure Canadian Niagara Power Inc. has adequate time to respond, while facilitating a thorough and transparent discovery process.

Any questions relating to this letter should be directed to Arlene Bernardo at Arlene.Bernardo@oeb.ca or at 437-880-8931.

Yours truly,

Arlene Bernardo
Analyst, Electricity Distribution Rates
