Dear Ritchie Murray:

**Re: Oshawa PUC Networks Inc. (Oshawa Power)  
2026 Rates  
Consumers Council of Canada (CCC) Time Estimate for Oral Hearing  
OEB File No. EB-2025-0014**

---

CCC estimates that we will require approximately three (3) hours for cross-examination at the oral hearing. All of our questions will be directed to Panel 1. This should be considered a preliminary estimate as our preparation for the hearing is ongoing.

We expect to have questions regarding Oshawa Power's capital, OM&A and DVA-related proposals.

We agree with the School Energy Coalition's (SEC) proposal that cross-examination be ordered by subject area (i.e., capital, OM&A, DVAs) for the reasons set out in its October 23, 2025 Letter. If the OEB were to order the cross-examination by topic area, we expect that our cross-examination time estimate would be: (i) 80 minutes for capital; (ii) 80 minutes for OM&A; and (iii) 20 minutes for DVAs.

Yours truly,

Lawrie Gluck  
Consultant for the Consumers Council of Canada
