**Re: Wasaga Distribution Inc. – EB-2025-0254
Service Area Amendment Application
Request to File Additional Evidence and Revise Procedural Schedule**

Dear Mr. Murray,

Wasaga Distribution Inc. (Wasaga Distribution) respectfully requests permission to file additional evidence in the above-noted proceeding. Hydro One Networks Inc. (HONI) filed its evidence on October 17th, 2025, and following our review, Wasaga Distribution wishes to submit supplementary information to further clarify certain aspects of the application and to assist the Ontario Energy Board (OEB) in its consideration of the matter.

Wasaga Distribution proposes to file the additional evidence on Monday, October 27th, 2025. In light of this filing, we respectfully request a modest adjustment to the procedural schedule as follows:

- Interrogatories to be filed by October 31st, 2025; and
- Responses to interrogatories and final written submissions to be filed by November 7th, 2025.

These proposed extensions would allow all parties adequate time to review the supplemental evidence and maintain procedural fairness in the proceeding.

We thank the OEB for its consideration of this request. Should the Board require additional information, please do not hesitate to contact the undersigned.

Respectfully Submitted,

A. Karamatic
