Dear Mr. Murray:

**Re: Enbridge Gas Inc.
Application for Certificate of Public Convenience and Necessity
City of Pembroke
Ontario Energy Board File No. EB-2025-0247**

Further to the question submitted by Ontario Energy Board Staff related to the status of the City of Pembroke, Enbridge Gas provides the following response.

Staff Question-1

Reference: EB-2025-0247, Application and Evidence, page 1, para 3

Preamble:

Section 2.4.2 of the Natural Gas Facilities Handbook provides as follows:

A brief written description of the proposed franchise area, including the physical boundaries (e.g., municipal boundaries, metes and bounds, on-from-to) and the number and general location of any customers to be served or currently served in the proposed franchise area.

Enbridge Gas states that the City of Pembroke is a lower-tier municipality located in the County of Renfrew. However, the City of Pembroke is a single-tier municipality.

Question:

a) Please confirm the municipality information.

Response:

a) The reference in the Application is not accurate. According to the Ontario government's [web site](#), the City of Pembroke is a single-tier municipality located within the County of Renfrew.

Should you have any questions on this submission, please do not hesitate to contact me.

Yours truly,
