Subject: Review of the Valuation of Distributed Energy Resources (EB-2025-0268) - Elexicon Energy

On October 27, 2025, the OEB announced it was conducting a review of distributed energy resource (DER) valuation in response to the Directive issued by Ontario's Minister of Energy and Mines with the Integrated Energy Plan. The OEB will be seeking stakeholder input on the findings of the review and proposed recommendations and/or OEB actions regarding the overall regulatory and compensation frameworks to appropriately reflect the system value of DERs.

Interested stakeholders were invited to a virtual meeting on November 24, 2025, from 9:30 a.m. to 12:30 p.m. to discuss the review. By way of this e-mail, Elexicon Energy confirms its interest in attending the virtual meeting. Please add the following individual to the list of participants:
