Dear Mr. Murray,

**Re: Enbridge – Approval to Construct Gas Works in Tay Valley Township
EB-2024-0342**

Please find enclosed a Notice of Motion to Review the OEB's Decision and Order in the above-noted matter, which is filed on behalf of Climate Network Lanark.

Climate Network Lanark is submitting the Notice of Motion to ensure that it meets the deadline under Rule 40.03 of the OEB *Rules of Practice and Procedure*. At this time, it is not clear if the Motion will be necessary as Tay Valley Township is soon entering negotiations regarding its Franchise Agreement with Enbridge Gas Inc. Climate Network Lanark recognizes that the outcome of those negotiations could render the Motion to Review moot. As such, we ask that the Motion be held in abeyance until the Franchise Agreement for Tay Valley Township is concluded or until Climate Network Lanark indicates that it wishes to proceed on the basis of evolving circumstances.

As Climate Network Lanark is not seeking an interim stay of the Board's Decision, there can be no prejudice to the parties resulting from the above request.

Yours truly,

Kent Elson
