Subject: Letter of Comment: EB-2025-0252

To the Ontario Energy Board,

I am an Alectra Utilities customer, and I am writing to express my concern about the proposed rate increases in application EB-2025-0252.

As a residential customer, I already find electricity costs to be a significant monthly expense. Even small increases can make a noticeable difference for households, especially with the rising cost of living.

I do not support any rate increases at this time and ask that the Ontario Energy Board carefully consider the financial impact this will have on everyday customers.

Thank you for taking my comments into account.

Sincerely,
Guisselle Mejia Lobo
