

November 10, 2025

Mr. Ritchie Murray  
Acting Registrar  
Ontario Energy Board  
2300 Yonge Street  
27th Floor, Box 2319  
Toronto, ON M4P 1E4  
Email: registrar@oeb.ca

Dear Mr. Murray;

**Re: OEB File No. EB-2025-0252, Alectra Utilities Corporation (“Alectra Utilities”) 2027-2031 Custom Rate Application for Electricity Distribution Rates and Charges – Affidavit of Service**

On October 14, 2025, Alectra Utilities submitted its 2027-2031 Custom Rate Application for electricity distribution rates and charges. On October 31, 2025, the Ontario Energy Board (“OEB”) issued a Letter of Direction (“LOD”) concerning the publication and service of the Notice of Hearing for the application. Through the enclosed Affidavit of Service, Alectra Utilities confirms compliance with the LOD.

Should you have any questions, please do not hesitate to contact the undersigned.

Yours truly,

Natalie Yeates  
Director, Rate Applications  
natalie.yeates@alecrautilities.com

cc: Charles Keizer, Torys LLP

**IN THE MATTER OF** the *Ontario Energy Board Act, 1998*,  
being Schedule B to the *Energy Competition Act, 1998* S.O. 1998,  
c. 15;

**AND IN THE MATTER OF** an Application by Alectra Utilities  
Corporation to the Ontario Energy Board for an Order or Orders  
approving or fixing just and reasonable rates and other service  
charges for the distribution of electricity as of January 1, 2027.

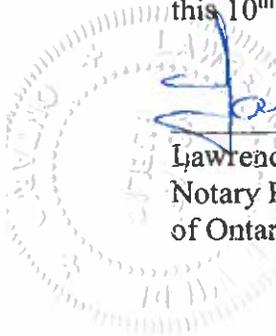

**AFFIDAVIT OF NATALIE YEATES  
SWORN NOVEMBER 10, 2025**

I, Natalie Yeates, of the City of Mississauga in the Province of Ontario, MAKE OATH AND SAY:

1. I am the Director, Rate Applications of Alectra Utilities Corporation (“Alectra Utilities”) and as such, I have knowledge of the matters hereinafter deposed.
2. Pursuant to Paragraph 1 of the Ontario Energy Board’s (the “OEB’s”) October 31, 2025 Letter of Direction, I did cause a copy of both the English and French versions of the Notice, the application and the evidence (including amendments to the application), to be posted on Alectra Utilities’ website.
3. Pursuant to Paragraph 2 of the Letter of Direction, I did arrange for the immediate service of the English and French versions of the Notice, the application and the evidence to be served directly on all intervenors in Alectra Utilities’ previous rate applications: EB-2019-0018 and EB-2022-0013.
4. Pursuant to Paragraph 3 of the Letter of Direction, I did arrange for the service of the English and French versions of the Notice to be served directly on all customers for whom Alectra Utilities has an email address and appropriate permissions to send utility or regulatory information.
5. Pursuant to Paragraph 4 of the Letter of Direction, I did arrange for the prescribed message to be posted on Alectra Utilities’ X (formerly Twitter), LinkedIn, Facebook, and Instagram accounts with a link to the English and French versions of the Notice.

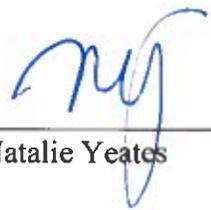

6. I make this Affidavit pursuant to Paragraph 6 of the Letter of Direction and for no other or improper purpose.

Sworn before me at the City of )  
Mississauga, in the Province of Ontario )  
this 10<sup>th</sup> day of November, 2025 )

Accounts & Billing > Rates > Our 2027-2031 Investment Plan

Learn more about Alectra Utilities' five-year investment plan and rate-rebasing application.

As the local electricity distributor for 17 communities, including Alliston, Aurora, Barrie, Beeton, Brampton, Bradford West Gwillimbury, Guelph, Hamilton, Markham, Mississauga, Penetanguishene, Richmond Hill, Rockwood, St. Catharines, Thornton, Tottenham and Vaughan, Alectra Utilities delivers electricity to approximately one million homes and businesses across a 1,924 square kilometre service territory each and every day.

However, the way we do it is evolving. Looking ahead, Alectra plans to more than double its capital spending by 2031 to fund essential grid renewal, expansion and modernization, and to maintain the reliability and safety of the distribution system.

To ensure we can continue delivering electricity service safely and reliably for years to come, we've developed our five-year investment plan for 2027 to 2031. With the input from customers and business experts, and in accordance with regulatory requirements, we've developed our plan to address the following challenges ahead of us:

- Renewing and replacing deteriorating infrastructure
Meeting customer requirements and serving the economic needs of municipal growth
Building resilience in the face of extreme weather and cybersecurity attacks

Alectra Utilities Corporation has applied to change its electricity distribution rates and other charges effective January 1, 2027

Alectra's strategic priorities for the future

Our 2027-2031 Distribution System Plan focuses on three major priorities:

1) Renewing and Replacing Infrastructure

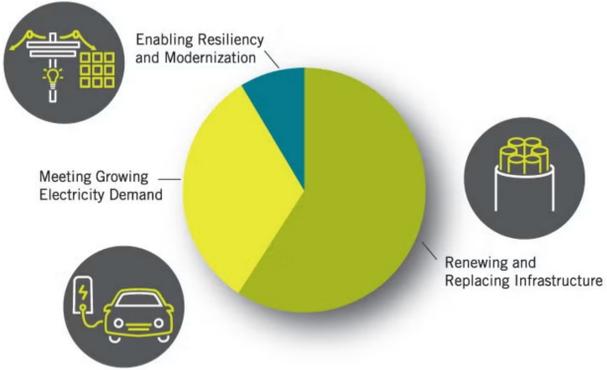

We've consistently invested in the upkeep of our deteriorating infrastructure and improved the performance of our system since Alectra's formation in 2017. Moving forward, we will continue to focus on renewing deteriorating and obsolete equipment. This will help minimize the risk of outages, ensure safe operations, and mitigate environmental hazards posed by old equipment such as underground cables, deteriorating poles, leaking transformers and meters at the end of their useful life.

2) Meeting Growing Electricity Demand

As the communities within our service territory continue to grow, and more customers turn to electricity to power their homes, vehicles and businesses, Alectra Utilities has a critical role to play in expanding and enhancing the local grid so that customers can continue to plug in safely and reliably.

3) Enabling Resiliency and Modernization

As more customers plug into electrified technologies, including electric vehicles and heat pumps, we need to invest in building a more intelligent and resilient grid. This includes Distributed Energy Resources (DERs), like onsite battery storage or vehicle-to-grid charging stations, that can send electricity back to the grid. We also need to integrate new smart grid technologies that can help us restore power to customers faster during outages. These necessary investments will strengthen or "harden" the grid against extreme weather and potential cyber-attacks.

Download a summary of Alectra's 2027-2031 Strategic Priorities

Alectra Utilities 2027-2031 Distribution Rates

About the rate-rebasing application process

Electricity distributors in Ontario, like Alectra Utilities, are entirely funded by the distribution rates paid by their customers. To have our rates approved, Alectra is required to submit a plan for our proposed prices (rates) and spending to the Ontario Energy Board (OEB), Ontario's independent energy regulator. The OEB will then review our plan and proposed rates for 2027-2031 in an open and transparent public process known as a rate-rebasing application.

Customer input is an essential part of the application process. Alectra is accountable to the OEB for considering customer needs and preferences as we develop our plan, and for explaining and demonstrating how customer feedback informed the plan.

Steps in our planning process

- 1. Identify customer needs, preferences and priorities.
2. Use customer feedback to prepare a draft plan.
3. Collect customer feedback on draft plan.
4. Use customer feedback to finalize the plan.
