Director, Regulatory Affairs  
Enbridge Gas Distribution Inc.

Dear Mr. Ryckman:

**Re: Enbridge Gas Distribution Inc. ("Enbridge")  
Demand Side Management ("DSM") Updated Inputs and Assumptions**

This will acknowledge receipt on November 10, 2008 of Enbridge's request to update the DSM inputs and assumptions.

On November 14, 2008, Board staff initiated a consultation process to develop guidelines for DSM to be used by natural gas distributors in developing their next generation DSM plans. As part of this process, the Board has engaged the services of Navigant Consulting Inc. to undertake a review and update the DSM technologies (measures) and input assumptions.

The updated inputs and assumptions filed by Enbridge will form part of the review that the consultant will be undertaking over the next two months.

If you have any questions regarding these issues or if you require further information, please contact Michael Bell, Advisor at 416-440-7688 or by email at [Michael.Bell@oeb.gov.on.ca](mailto:Michael.Bell@oeb.gov.on.ca).

Yours truly,
