Dear Mr. Murray,

**Re: EB-2024-0198 Enbridge Gas Inc. DSM Plan & Rollover – HSC Cost Comments**

On behalf of Housing Services Corporation (HSC), I am writing to confirm that HSC is not submitting a cost claim on the above proceeding.

Under the Board's Procedural Order No. 1, the Board directed HSC to collaborate with the Federation of Rental-housing Providers of Ontario (FRPO) on our interventions. Echoing FRPO's correspondence dated November 15, 2025, the opportunity to connect with FRPO was helpful to our broader understanding of the DSM application. We appreciate the time spent by FRPO's representative.

As consistent with our most recent Intervenor Application, dated December 20, 2024, HSC is not claiming costs on this proceeding. We agree with FRPO's statement that the extra time spent on establishing a relationship and working collaboratively was incremental to that which we would normally invest. We also agree that collaborating in a full proceeding would require more time invested than operating separately.

HSC values FRPO's insights and sees greater benefits to the DSM conversation, both in terms of cost claims and insights gained, if our respective organizations can act as separate intervenors on future DSM proceedings. We respectfully defer to the Board now and into the 2027-2030 DSM proceedings.

Sincerely,
