Dear Ritchie Murray:

**Re: EPCOR Natural Gas Limited Partnership (ENGLP)
Application for 2026 Rates – Southern Bruce Service Area
Ontario Energy Board File Number: EB-2025-0178**

On August 1, 2025, ENGLP filed its Custom IR update to establish 2026 rates (the Application). Procedural Order No. 1 was issued on September 11, 2025, providing a process for interrogatories, response to interrogatories, written submission and reply submission. Procedural Order No. 2 was issued on October 27, 2025 providing a process for an additional round of interrogatories. OEB staff filed a written submission on November 10, 2025. ENGLP filed a reply submission on November 19, 2025.

As part of ENGLP's reply submission, ENGLP filed updated draft rate schedules as Appendix A. The update was made to account for a different allocation methodology for the Unaccounted for Gas Variance Account, to align with OEB staff's recommendations within its submission.

OEB staff has reviewed ENGLP's updated draft rate schedules and has no concerns with the updated draft rate schedules filed with ENGLP's reply submission.
