Batchewana First Nations of Ojibway  
On Behalf of 1000757443 LP  
Attn: Chief Mark McCoy  
Rankin Reserve 15D  
236 Frontenac Street  
Batchewana First Nation, ON P6A 6Z1

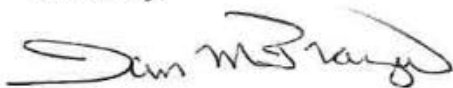

RE: Letter of Support

Dear Chief McCoy:

This letter serves as a letter of support for the construction and maintenance of a 115 KV transmission line through the properties of Grant Lake Forest Resources Ltd. and Josephine Forest Resources Ltd., and the involvement of Batchewana First Nation of Ojibway ("BFN"), on behalf of 1000757443 LP.

The eventual term agreements will provide a non-exclusive access and usage of the proposed Right-of-Way ("ROW") and associated agreed upon access roads and trails. It is understood that portions of this land are already encumbered under other various licenses and agreements. This letter of support is on condition that the usage by BFN, on behalf of 1000757443 LP does not conflict with other licensees, permittees, etc. And in particular, any use and crossing of the existing Algoma Power Inc.'s ("API") distribution line(s) ROW is completed in conjunction with API and the eventual installation of the proposed transmission line is done so in conjunction with and cooperation with API to ensure that both parties can maintain and operate their separate energized lines safely and in accordance with provincial codes and regulations. API line requirements will take precedence over the 1000757443 LP line as the API lines are already installed and operational. Any agreement pertaining to this matter between the two parties shall be provided to the landowner.

Sincerely,

Ian M. Frazier, CPA, CA  
Property Manager
