**ONTARIO ENERGY BOARD**

**IN THE MATTER OF** the *Ontario Energy Board Act, 1998*, S.O. 1998, c.15 (Schedule B);

**AND IN THE MATTER OF** an Application by Enbridge Gas Inc. for an order or orders clearing certain commodity and non-commodity related deferral or variance accounts.

**APPLICATION**

1. The Applicant, Enbridge Gas Inc. (Enbridge Gas) is an Ontario corporation with its head office in the City of Toronto. It carries on the business of selling, distributing, transmitting, and storing natural gas within Ontario. Enbridge Gas was formed effective January 1, 2019, upon the amalgamation of Enbridge Gas Distribution Inc. (EGD) and Union Gas Limited (Union).
2. On October 31, 2022, Enbridge Gas filed a Cost of Service and Rebasing Application for 2024 rates and for approval of an incentive rate-setting mechanism (IRM) for the following four years under EB-2022-0200. The Ontario Energy Board (OEB) split the Rebasing Application into 3 phases, with Phase 1<sup>1</sup> focused on cost of service rates for 2024, while Phase 2 was focused on setting the IRM for 2025 to 2028.<sup>2</sup> Through Decisions and OEB-approved Settlement Agreements for Phase 1 and Phase 2, the OEB approved deferral and variance accounts for Enbridge Gas to be in effect for the 2024 to 2028 IRM term. Some of the deferral and variance

<sup>2</sup> EB-2024-0111.

accounts relate to Enbridge Gas as a whole, while some apply to either the EGD or Union Rate Zones<sup>3</sup>.

3. Enbridge Gas hereby applies to the OEB, pursuant to Section 36 of the *Ontario Energy Board Act*, 1998, for an Order or Orders approving the clearance or disposition of amounts recorded in certain deferral or variance accounts.

#### 1. Earnings Sharing

4. The OEB has approved, among other things, an asymmetrical earnings sharing mechanism (ESM) during the IRM term period, where each year any earnings in excess of 100 basis points over the OEB-approved return on equity (ROE) would be shared 50/50 between the Utilities and ratepayers.
5. As set out in the 2024 Rebasing Phase 1 Decision<sup>4</sup>, the ESM does not apply for 2024, as that is a cost of service year. Accordingly, there is no ESM amount proposed for 2024.

#### 2. Enbridge Gas Inc.

6. The OEB has approved several deferral and variance accounts that relate to Enbridge Gas as a whole (and not to specific Rate Zone(s)). These accounts are listed at Exhibit C, Tab 1, Schedule 1. Enbridge Gas requests approval to clear the final balances of certain Enbridge Gas deferral and variance accounts for 2024 as set out at Exhibit C, Tab 1, Schedule 1.

#### 3. EGD Rate Zone

7. Enbridge Gas requests approval to clear the final balances of certain EGD rate zone deferral and variance accounts for 2024 as set out at Exhibit C, Tab 1, Schedule 1.

---

<sup>3</sup> "Union rate zones" collectively refers to Union North West, Union North East and Union South.

<sup>4</sup> EB-2022-0200, Decision and Order, December 21, 2023.

#### 4. Union Rate Zones

8. Enbridge Gas requests approval to clear the final balances of certain Union rate zones deferral and variance accounts for 2024 as set out at Exhibit C, Tab 1, Schedule 1.

#### 5. Relief Requested

9. Enbridge Gas therefore applies to the OEB for such final, interim or other orders as may be necessary or appropriate for the clearance or disposition of the 2024 deferral and variance accounts requested in Exhibit C, Tab 1, Schedule 1. The proposed manner of disposition is described at Exhibit F. Enbridge Gas proposes to clear the balances in these accounts with the first available QRAM application following the OEB's approval, as early as July 1, 2026.
10. Enbridge Gas requests that certain information included at Exhibit D, Tab 2, Schedule 2 be treated as confidential under the OEB's Practice Direction on Confidential Filings. Equivalent information has been treated as confidential in prior deferral and variance account clearance proceedings.
11. Enbridge Gas requests that this proceeding be heard in writing.
12. Enbridge Gas further applies to the OEB pursuant to the provisions in the Act and the OEB's *Rules of Practice and Procedure* for such final, interim or other Orders and directions as may be appropriate in relation to the Application and the proper conduct of this proceeding.
13. This Application is supported by written evidence. This evidence may be amended from time to time as required by the OEB, or as circumstances may require.
14. The persons affected by this Application are the customers resident or located in the municipalities, police villages and First Nations reserves served by Enbridge Gas, together with those to whom Enbridge Gas sells gas, or on whose behalf Enbridge
