**Re: Enbridge Gas Inc.
Glendale Community Expansion Project– Application for
Exemption from Leave-to-Construct (LTC) Requirement
Ontario Energy Board File Number: EB-2024-0325**

On October 9, 2025, Enbridge Gas filed an update to its application to include a Letter of Opinion from the Ministry of Energy and Mines and an updated Indigenous Consultation Report detailing the additional consultation activities undertaken to address concerns raised by Mohawk Council of Akwesasne (MCA), an intervenor in this proceeding.

On November 5, 2025, the OEB issued Procedural Order No. 3 providing for MCA and OEB staff to file written comments by November 14, 2025 on Enbridge Gas's evidentiary update and the issue of whether the duty to consult had been adequately discharged in light of that further evidence and for Enbridge Gas to file a response to any comments that were filed by November 24, 2025.

On November 14, 2025, OEB staff filed comments and on November 24, 2025, Enbridge Gas responded to these comments.

On November 28, 2025, MCA filed its comments, providing an explanation as to why the deadline had been missed and requesting that the OEB accept the late filing.

The OEB accepts MCA's explanation and will permit the late filing of its comments.

Please direct any questions relating to this application to the Case Manager, Judith Fernandes at Judith.Fernandes@oeb.ca and OEB Counsel, Michael Millar at Michael.Millar@oeb.ca.

Yours truly,

Ritch Murray
Acting Registrar
