Issues:

Policy Interests:

Energy Probe has no policy interest in this application.

Hearings:

Energy Probe has no reason for having a specific form of hearing, but believes that written hearing would be appropriate.

Evidence:

Energy Probe does not intend to file evidence.

Coordination with Other Intervenors:

Energy Probe intends to coordinate its activities with intervenors who share similar interests by sharing drafts of interrogatories, technical conference topics and submissions.

Cost Awards:

Energy Probe is a non-profit organization which relies on individual donations to help protect the public interest. Without the prospect of an award of costs, Energy Probe's ability to participate in OEB proceedings would be very limited. Energy Probe applies for recovery of its reasonably incurred costs in the course of its intervention in this proceeding. Energy

Probe's members and supporters are customers of the Applicant and eligible for an award of costs according to section 3.03(a) of the Practice Direction. Energy Probe has participated in many past natural gas and electricity proceedings in Ontario, including consultations, rate cases, and other processes and hearings, and has been found to be eligible to be paid its reasonably incurred costs in all of those proceedings.

Language Preference:

Energy Probe does not intend to participate using the French language.
