North York, ON, M2J 1P8
Canada

December 8, 2025

VIA EMAIL and RESS

Ritchie Murray
Acting Registrar
Ontario Energy Board
2300 Yonge Street, Suite 2700
Toronto, Ontario, M4P 1E4

Dear Ritchie Murray:

**Re: Enbridge Gas Inc. (“Enbridge Gas” or the “Company”)
Ontario Energy Board (OEB) File No.: EB-2022-0203
Ridge Landfill RNG Project (Project)
Notice of Full Project In-service Date**

On April 6, 2023, the OEB issued its Decision and Order for the above noted proceeding which included, as Schedule B, several Conditions of Approval.

In a letter dated November 22, 2024, Enbridge Gas notified the OEB of the planned date when facilities would begin to go into service (December 2, 2024) in compliance with condition 2 b (ii) of the Conditions of Approval. In that notification, Enbridge Gas informed the OEB that the full in-service date was projected to be in February 2025; however, due to a further deferral by the customer, Waste Connections of Canada, the full in-service date was delayed until recently.

Per Condition 2 (b) (iv) of the Conditions of Approval, Enbridge Gas shall give the OEB notice in writing of the in-service date, no later than 10 days after all the facilities go into service. Enbridge Gas is therefore advising the OEB that all of the facilities went into service on **November 28, 2025**.

This deferral did not impact the construction or restoration methods described in Exhibit D and has not resulted in any significant changes to Project cost.

Please contact me if you have any questions.

Yours truly,

Olatunbosun Ishola
