Issues:

Three Fires Group Inc. ("TFG") is actively engaged in matters and issues related to Ontario's energy sector and the potential impacts on the interests of the Chippewas of Kettle and Stony Point First Nation ("CKSPFN"), including as a participant in the Indigenous Working Group ("IWG") established in Phase 1 of EGI's 2024 rebasing application (EB-2022-0200). TFG intends to make submissions, inter alia, on the Applicant's evidence in respect of the IWG Report; and any other matters that promote or otherwise represent the interests of TFG and CKSPFN more generally.

Policy Interests:

TFG represents the interests of CKSPFN. TFG therefore believes this question is not applicable to it, but it is available to provide further information on request

Hearings:

TFG does not currently take a position on this question.

Evidence:

TFG and Minogi are currently considering whether they wish to file expert evidence, either on their own or in collaboration with other intervenors. TFG and Minogi will undertake and conclude the necessary conversations at the earliest possible date to determine their position. In the event TFG and Minogi wish to file evidence, they will seek Board approval at the earliest opportunity.

Coordination with Other Intervenors:

TFG and Minogi intend to coordinate their participation in this proceeding in a manner similar to their coordination in previous OEB proceedings. Both TFG and Minogi will collaborate with other intervenors as appropriate and as opportunities arise.

Cost Awards:

TFG hereby requests cost eligibility in this proceeding. TFG is, in accordance with s. 3.03(b) of the Board's Practice Direction on Cost Awards, eligible to seek an award of costs as TFG is a party that primarily represents an interest or policy perspective that is relevant to the Board's mandate and to the proceeding. TFG represents the interests of a unique and otherwise unrepresented set of First Nation energy customers and consumers in Ontario and is committed to ensuring that they are served through access to an affordable, reliable, sustainable, and modern natural gas service. TFG requests an award of costs in this proceeding on the basis that its comments and participation serve a direct interest and policy perspective that is relevant to the Board's mandate and pressing for Ontario's energy consumers. The Board has granted TFG cost eligibility in several Board proceedings, including each and all of those referred to above in Section 2. TFG therefore submits that it is appropriate for the Board to award TFG costs in the context of this proceeding, and hereby requests cost eligibility.

Language Preference:

TFG intends to participate in English.
