**RE: EB-2025-0065 EGI 5 YR GSP – FRPO Procedural Submission**

We are writing on behalf of the Federation of Rental-housing Providers of Ontario (FRPO) to make a request for an extension on the submission deadline in the EGI 5 YR Gas Supply Proceeding to Thursday, December 18<sup>th</sup>.

We have been working on providing submissions to the Board after receiving the EGI Argument-in-Chief. This work has included providing a summary of issues to intervenors and early drafts of our submissions this week. However, our efforts have been hampered by succumbing to a virus (flu or Covid) since Tuesday night. I have been trying to persevere through the symptoms but find myself challenged to ensure clarity and precision to assist the Board.

As a result, we are respectfully petitioning the Board for indulgence on the deadline for our submissions to Thursday, December 18. Given the proposed schedules provided by staff early this year, a modest extension would allow for all submissions to be completed prior to the potential dates for completing that phase, even allowing for a comparable extension for EGI which we understand.

We appreciate the Board's consideration of our request.

Respectfully Submitted on Behalf of FRPO,

Dwayne R. Quinn  
Principal
