Toronto, Ontario, M4P 1E4

Dear Ritchie Murray:

**Re: Enbridge Gas Inc. (“Enbridge Gas” or the “Company”)
Ontario Energy Board (OEB) File No.: EB-2022-0203
Ridge Landfill RNG Project (Project)
Update to Enbridge Gas’s December 8, 2025, Notice of Full Project In-service
Date**

On December 8, 2025, Enbridge Gas notified the OEB of the full project in-service date (November 28, 2025) of the above-noted project, as per Condition 2 (b) (iv) of the Conditions of Approval, which requires Enbridge Gas to give the OEB notice in writing of the in-service date, no later than 10 days after all the facilities go into service.

That notification letter should have also included notification of completion of construction on the same date (November 28, 2025), as per Condition 2 (b)(iii) of the Conditions of Approval, which requires Enbridge Gas to give the OEB notice in writing of the date on which construction was completed, no later than 10 days following the completion of construction.

For clarification, Enbridge Gas is therefore advising the OEB that construction was completed, and all of the facilities went into service on November 28, 2025.

Please contact me if you have any questions.

Yours truly,

Olatunbosun Ishola
