Ritchie Murray, Acting Registrar  
Ontario Energy Board  
27<sup>th</sup> Floor - 2300 Yonge Street  
Toronto ON M4P 1E4

Dear Mr. Ritchie Murray

Re: Centre Wellington Hydro Inc. ("CWH")  
2026 Distribution Rates – Decision and Order  
EB-2025-0049

Upon reviewing the OEB Decision and Rate Order, dated December 18, 2025, CWH notes an error on page 12 of the document. In section 8, "Advanced Capital Module", the first paragraph states the ACM rate rider is effective from May 1, 2026. CWH requests this be corrected to state January 1, 2026 to align with all the other distribution rates. Below is a screen shot from the Decision and Order.

Ontario Energy Board

EB-2025-0049  
Centre Wellington Hydro Ltd.

## 8. ADVANCED CAPITAL MODULE

Centre Wellington Hydro Ltd. is requesting an ACM rate rider (from **May 1, 2026** until its next cost of service) to recover the cost of a capital project that was previously approved by the OEB in Centre Wellington Hydro Ltd.'s 2025 cost of service application.<sup>16</sup> The ACM rate rider is for the Fergus MS-5 Station, with an estimated budget of \$3,355,200 and expected in-service date by the end of Q1 2026. The project is intended to support Centre Wellington Hydro Ltd.'s short-term reliability and long-term capacity growth by creating a new distribution station on land owned by Centre Wellington Hydro Ltd.

Should you have any questions or concerns, please do not hesitate to contact me at the information below.

Sincerely,

Heather Dowling  
Vice President/Treasurer  
Centre Wellington Hydro Ltd.
