Dear Mr. Murray:

**RE: CANADIAN NIAGARA POWER INC.,  
2026 4<sup>TH</sup> GENERATION INCENTIVE RATE-SETTING APPLICATION  
EB-2025-0050**

---

Canadian Niagara Power Inc. has reviewed the Tariff of Rates and Charges in the Decision and Order dated December 18, 2025 and confirms its completeness and accuracy, with the following exception:

Consistent with the approved<sup>1</sup> interim disposition of Accounts 1588 and 1589 balances, CNPI believes each of the following rate riders, for each class, should be followed by the phrase “approved on an interim basis”

- Rate Rider for Disposition of Global Adjustment Account (2026)
- Rate Rider for Disposition of Deferral/Variance Accounts (2026)

Please direct any questions or correspondence in this matter to the undersigned.

Sincerely,

Oana Stefan  
Manager, Regulatory Affairs
