

Ontario Power Generation Inc. and DNNP LP have applied to set payment amounts for the output from regulated hydroelectric and nuclear generating stations effective January 1, 2027

Ontario Power Generation Inc. (OPG) has applied to the Ontario Energy Board to set the amount charged for the output of its regulated hydroelectric generating facilities and, with its co-applicant DNNP LP, to set the amount charged for the output of its regulated nuclear generating facilities, including the Darlington New Nuclear Program facilities. The application covers the five-year period beginning January 1, 2027, through December 31, 2031.

In its application, OPG has calculated that the monthly bill for a typical residential customer using 750 kWh of electricity per month would increase by the following amounts, if approved:

2027	2028	2029	2030	2031
\$7.94	\$2.45	\$1.37	\$0.74	\$4.67

Other customers, including businesses, would be affected as well.

The payment amounts include the costs of refurbishing Units 5-8 at the Pickering Nuclear Generating Station and constructing the Darlington New Nuclear Program facilities during the five-year period.

The application also includes requests for the following approvals, amongst others:

- Of custom frameworks to set the hydroelectric and nuclear payment amounts
- To change OPG's capital structure and establish DNNP LP's capital structure
- To dispose of the December 31, 2024, balances of certain deferral and variance accounts
- To establish new deferral and variance accounts, including new accounts for the Darlington New Nuclear Program facilities
- Of an annual process to recover interest amounts associated with capital costs for refurbishing Pickering B and constructing the Darlington New Nuclear Program facilities

YOU SHOULD KNOW

There are three types of OEB hearings: oral, electronic and written. If you have a preference for the hearing type, you can write to us to explain why.

During this hearing, we will hear questions and arguments from participants about this case. We will also hear questions and arguments from participants that have registered as intervenors. After the hearing, we will decide whether to approve the application.

HAVE YOUR SAY

You have the right to information about this application and to participate in the process.

Visit www.oeb.ca/notice and use file number **EB-2025-0297** to:

- Review the application
- File a letter with your comments
- Apply to become an intervenor

IMPORTANT DATES

You must engage with the OEB on or before **February 3, 2026** to apply to be an intervenor and participate.

If you do not, the hearing will move forward without you, and you will not receive any further notice of the proceeding.

PRIVACY

If you write a letter of comment, your name and the content of your letter will be put on the public record and the OEB website. If you are a business or if you apply to become an intervenor, all the information you file will be on the OEB website.
