Dear Ritchie Murray:

**Re: Enbridge Gas Inc. (Enbridge Gas, or the Company)**  
**EB-2025-0064: 2024 Rebasing Phase 3 – Settlement Proposal**

On December 18, 2025, we filed a Settlement Proposal for this proceeding, reflecting agreement among the Parties to almost every issue that was eligible for settlement in this 2024 Rebasing Phase 3 proceeding.

As set out in our letter, parties have continued to discuss one outstanding item, under Issue 5 (Harmonized Services and Related Charges) relating to the “Unbundled Balancing Service” for unbundled direct purchase customers. We committed to report back to the OEB by January 15, 2026, on whether the remaining item has been settled, or as to the specifics of what remains outstanding.

The Parties have now reached an agreement in principle on this outstanding item. Work is underway to prepare an Amended Settlement Proposal, which will include resolution of all items eligible for settlement. The changes in that document, compared to the Settlement Proposal filed on December 18, 2025, will all be related to resolution of the Unbundled Balancing Service item.

We are aiming to file the Amended Settlement Proposal by Wednesday, January 21, 2026.

Should you have any questions, please let us know.

Sincerely,

*Robin Stevenson*
