Dear Ritchie Murray:

Re: **Orangeville Hydro Limited**  
**Application for 2026 Electricity Distribution Rates**  
**Ontario Energy Board File Number: EB-2025-0015**

Ontario Energy Board (OEB) staff has completed its review of Orangeville Hydro Limited's interrogatory responses, filed on January 16, 2026.

The review raised follow-up questions based on the responses received and OEB staff requires responses to these questions, in order to prepare its submission. OEB staff requests that the OEB issue a new procedural order providing for an additional round of interrogatories and appropriate adjustment to submission dates, accordingly.

This request is specifically intended to further examine:

- Opening balances and principal adjustments of Accounts 1588 and 1589, and whether these accounts were cleared on an interim or final basis during Orangeville Hydro Limited's last Cost of Service proceeding
- Disposition of Account 1595 (2022)
- Orangeville Hydro Limited's statement that the OEB's inspection indicated incorrectly that 2016 principal adjustments related to Accounts 1588 and 1589 should not be reversed
- Multiple post-final adjustments submitted to the Independent Electricity System Operator in 2023
