Dear Ritchie Murray:

**Re: Enbridge Gas Inc. (“Enbridge Gas” or the “Company”)  
Ontario Energy Board (OEB) File No.: EB-2023-0201  
Eganville Community Expansion Project (Project)  
Notice of Construction Completion**

---

On December 8, 2025, Enbridge Gas notified the OEB of the full project in-service date (December 5, 2025) of the above-noted project, as per Condition 2 (b) (iv) of the Conditions of Approval, which requires Enbridge Gas to give the OEB notice in writing of the in-service date, no later than 10 days after all the facilities go into service.

That notification letter should have also included notification of completion of construction on the same date (December 5, 2025), as per Condition 2 (b)(iii) of the Conditions of Approval, which requires Enbridge Gas to give the OEB notice in writing of the date on which construction was completed, no later than 10 days following the completion of construction.

For clarification, Enbridge Gas is therefore advising the OEB that construction was completed, and all of the facilities went into service on December 5, 2025.

Please contact me if you have any questions.

Yours truly,
