**Re: Entegrus Powerlines Inc. (Entegrus Powerlines)
2026 Cost of Service Application
Settlement Proposal Presentation Day
OEB File Number: EB-2025-0044**

In its revised Procedural Order #1 dated October 15, 2025, the OEB scheduled February 2, 2026 for the presentation of any settlement proposal and a summary of any unsettled issues in the case.

On January 16, 2026 Entegrus Powerlines filed a settlement proposal with the Ontario Energy Board (OEB) in the above proceeding. The settlement proposal indicated that parties reached agreement on all issues in the proceeding.

The OEB has reviewed the filed settlement proposal and finds that it is not necessary to have the settlement proposal presented. The February 2, 2026 presentation day is therefore cancelled.

Yours truly,

Ritchie Murray
Acting Registrar
