## Issues:

CCMBC is a coalition of more than 400 manufacturers and other businesses, most of whom are Ontario manufacturers. Their cost of electricity will be impacted by the outcome of this proceeding. The two issues that are of particular relevance to CCMBC are the following: 1.1. Is the overall increase in hydroelectric payment amounts including rate riders reasonable given the overall bill impact on customers? and 1.2. Is the overall increase in nuclear payment amounts including rate riders reasonable given the overall bill impact on customers?

## Policy Interests:

CCMBC has no specific policy interest in this proceeding.

## Hearings:

CCMBC has no reason for asking for a specific form of hearing.

## Evidence:

CCMBC does not intend to file evidence.

## Coordination with Other Intervenors:

CCMBC intends to coordinate its efforts with intervenors who may have similar interests by sharing drafts of interrogatories and submissions to avoid duplication.

## Cost Awards:

The CCMBC is a non-profit organization which relies on membership fees and individual donations to help protect the interests of its member manufacturers and other businesses who are electricity consumers. CCMBC will be requesting an award of costs for its participation in this proceeding and believes that, as a coalition representing the direct interests of energy consumers, it meets the eligibility criteria set out in the Ontario Energy Board's Rules of Practice and Procedure and its Practice Direction on Cost Awards.

## **Language Preference:**

CCMBC intends to participate in the proceeding using the English language.
