## **OTTAWA RIVER POWER CORPORATION**

**Application for an Accounting Order beginning May 1, 2026**

**BEFORE: Vinay Sharma**

**February 3, 2026**

## OVERVIEW

On June 27, 2025, Ottawa River Power Corporation (Ottawa River Power) filed an application with the Ontario Energy Board (OEB) under section 78 of the *Ontario Energy Board Act, 1998*. Ottawa River Power seeks the OEB's approval to establish a deferral account to record Incremental Capital Module (ICM)-related amounts previously approved by the OEB for inclusion in Ottawa River Power's rates effective May 1, 2022 (OEB file no. EB-2021-0052) but inadvertently omitted from rates in that earlier proceeding due to a formula error. If approved, the requested account will record the omitted revenues from May 1, 2022 to the effective date of Ottawa River Power's next rebasing application.

The OEB granted School Energy Coalition (SEC) and Vulnerable Energy Consumers Coalition (VECC) intervenor status and cost award eligibility.

On November 20, 2025, the OEB issued its Decision and Order in which it set out the process for cost claims.

The OEB received cost claims from SEC and VECC. No objections to the cost claims were received from Ottawa River Power.

## Findings

The OEB has reviewed the claims filed to ensure that they are compliant with the OEB's *Practice Direction on Cost Awards*.

The OEB finds that the cost claims are reasonable and shall be reimbursed by Ottawa River Power.

## THE ONTARIO ENERGY BOARD ORDERS THAT:

1. Pursuant to section 30 of the *Ontario Energy Board Act, 1998*, Ottawa River Power shall immediately pay the following amounts to the intervenors for their costs:

- School Energy Coalition \$2,636.42
- Vulnerable Energy Consumers Coalition \$2,518.72
