**Ref 2:** Response to Staff Question-10

**Preamble:**

On December 23, 2025, the OEB issued a Rate Order (EB-2025-0030) including 2026 Hydro One Sub-Transmission Rates.

In response to Staff Question-10, PUC Distribution confirmed that updates made by OEB staff to reflect the 2026 Hydro One Sub-Transmission Rates, as per the Rate Order (EB-2025-0030), were correct. However, OEB staff notes that the Rate Generator PUC Distribution Inc. OEB Staff Questions EB-2025-0012 Model sent with responses to staff questions on January 16, 2026 included different 2026 Hydro One Sub-Transmission Rates in Tab 11 of the Rate Generator Model, than what was sent on January 6, 2026 with Staff Question-10.

OEB staff has updated Tab 11- RTSR – UTRs & Sub-Tx of the model with the updated Hydro One Sub-Transmission Rates for 2026.

**Question(s):**

Please explain why the Hydro One Sub-Transmission Rates in the Rate Generator Model returned with responses to staff questions on January 16, 2026 differed than that of the Rate Generator Model accompanying the staff questions sent on January 6, 2026.

Please verify the update made by OEB staff and confirm that all tabs are updated, appropriately.

**Response:**

Tab 11. RTSR- UTRs & Sub-Tx was updated with the October 9, 2025 – 2026 Preliminary Uniform Transmission Rates in error.

Confirmed the updates made by OEB staff in the February 3, 2026 Model are correct.
