Dear Richard Wathy:

**Re: Enbridge Gas Inc. (Enbridge Gas)
Five-year Gas Supply Plan
OEB File Number: EB-2025-0065**

In its reply submission, filed on January 29, 2026, Enbridge Gas outlined its proposed approach for the 2026 Annual Update to its Gas Supply Plan. Enbridge Gas indicated that it intends to file the 2026 Annual Update in March 2026, before the OEB is expected to issue its Decision on the Five-year Gas Supply Plan. Enbridge Gas explained that this will allow the 2026 Annual Update to be reviewed in a timely manner, rather than waiting for an OEB Decision in this proceeding. Given that the 2026 Annual Update will implement gas supply changes from Phase 2 of its 2024 Rebasing proceeding,¹ Enbridge Gas stated that it is important that the update be presented and considered in a timely manner.

This letter is to confirm that the OEB agrees with Enbridge Gas's proposed approach to file the 2026 Annual Update in March 2026.

Yours truly,

Ritchie Murray
Acting Registrar
