Issues:

Residential consumers will be impacted by the outcome of this proceeding. The DSM initiatives are funded through rates, including residential rates. CCC is interested in all of the issues in the proceeding that impact residential consumers. This will include, but not be limited to budgets (Including program budgets and administration budgets), targets, scorecards, program development, cost allocation, incentive mechanisms, and free-ridership rates.

Policy Interests:

Hearings:

From CCC's perspective it is premature at this point to determine what form of hearing is most appropriate. However, given the nature of the requests and the proposed budget levels CCC is of the view that an oral hearing is likely the most appropriate form of hearing to ensure the evidence is sufficiently tested.

Evidence:

CCC does not intend to file evidence in this proceeding.

Coordination with Other Intervenors:

CCC regularly coordinates its interventions with other intervenors. We will continue to do this with respect to this proceeding.

Cost Awards:

CCC is applying for cost award eligibility. CCC has participated in many proceedings and consultation processes at the OEB for decades and has been awarded cost eligibility. In the absence of an award of costs CCC would be unable to participate in this proceeding.
