TFG also expects to provide a perspective on the distinct needs and entitlements of First Nation communities, including CKSPFN, as well as the potential impact of the proposed DSM Plan and specific programming on those communities in terms of its implications on Indigenous access to reliable, affordable and sustainable energy, as well as the consequences for Indigenous capacity-building and Indigenous employment that may or may not arise from Enbridge Gas's proposals.

## Policy Interests:

TFG represents the interests of represents the interest of Chippewas of Kettle and Stony Point First Nation. TFG therefore believes this question is not applicable to it, but it is available to provide further information on request.
