

Enbridge Gas Inc.

**Application for exemption from leave to construct
natural gas pipeline and associated facilities in the
Town of Caledon**

**PROCEDURAL ORDER NO. 2
February 25, 2025**

Enbridge Gas Inc. (Enbridge Gas) applied to the Ontario Energy Board (OEB) on September 29, 2025, under subsection 95(2) of the *Ontario Energy Board Act, 1998*, (OEB Act) for an order exempting Enbridge Gas from the requirement to obtain leave to construct natural gas pipelines and facilities in the Town of Caledon near the intersection of Humber Station Road and Old Church Road, Ontario. The proposed project consists of approximately 3 kilometres (km) of Nominal Pipe Size (NPS) 4 polyethylene (PE) natural gas pipeline and approximately 5 km of NPS 2 PE natural gas pipeline (Project). The Project is expected to cost \$6 million and serve approximately 62 customers in the Town of Caledon.

Enbridge Gas relies on section 3.0.1(1) of O. Reg. 328/03 for its application. This regulation authorizes the OEB to make an order under subsection 95 (2) of the OEB Act that exempts a person from the requirement to obtain leave from the OEB under subsection 90 (1). The exemption is available if:

- a) Leave is required only by virtue of clause 90 (1) (b) of the OEB Act;
- b) The proposed hydrocarbon line is projected to cost more than the amount specified (\$2 million) in section 3 for the purposes of that clause but not more than \$10 million; and
- c) The OEB makes a determination that the Crown's duty to consult, if it applies in respect of the application, has been adequately discharged.

Procedural Order No. 1 was issued on December 18, 2025. In order to assist the OEB in making on a determination on whether the Crown's duty to consult has been sufficiently with respect to the Project, Enbridge Gas was directed in Procedural Order No.1 to file an updated Indigenous Consultation Report (ICR) and any correspondence

from the Ministry of Energy and Mines on Enbridge Gas's consultation activities. Enbridge Gas filed the updated ICR and Ministry of Energy and Electrification correspondence on January 16, 2026. Procedural Order No.1 also set the schedule for written discovery on Enbridge Gas's evidence. OEB staff filed interrogatories on January 30, 2026, and Enbridge Gas filed interrogatory responses on February 13, 2026, each in accordance with the dates set in Procedural Order No. 1.

By way of this procedural order, the OEB will provide a schedule for submissions from OEB staff, as well as for a reply submission from Enbridge Gas.

Further procedural orders may be issued by the OEB.

IT IS THEREFORE ORDERED THAT:

1. OEB staff shall file any written submissions with the OEB and serve them on all parties by **March 13, 2026**.
2. Enbridge Gas shall file a written reply submission, if any, with the OEB and serve it on all parties, by **March 27, 2026**.
