Dear Mr. Murray;

RE: OEB File No. EB-2025-0252, Alectra Utilities Corporation (“Alectra Utilities”) 2027-2031 Custom Rate Application for Electricity Distribution Rates and Charges (the “Application”) – Alectra Utilities’ Resubmission of Excel Files

Alectra Utilities filed its interrogatory responses on February 20, 2026. On February 23, 2026 OEB staff requested that Alectra Utilities re-file 18 Excel files with the inclusion of formulas.

In reviewing the files, Alectra has identified an error in the calculation of the rate base amounts presented in response to 2-Staff-146-Attach_1_AMI Acceleration of Depreciation. Specifically, the opening accumulated depreciation for 2027 was incorrectly reduced by \$15.3MM due to a formula error. With this update, the rate base amount presented in the response for 2027 will increase by \$4.4M instead of the originally presented decrease of \$3.3M. The overall impact on the revenue requirements presented in the response for 2027-2031 is now \$28.2M, rather than \$28.7M as previously stated.

Alectra Utilities has re-filed the following Excel files with formulas:

- 2-Staff-45_Attach 1_App 2-AB - 2017-2031
- 2-Staff-142 Attach 1_Pre_2017 Legacy Fixed Asset Continuity Schedules
- 2-Staff-142 Attach 2_2017 Legacy Fixed Asset Continuity Schedules

- 2-Staff-142 Attach 3_2018 Legacy Fixed Asset Continuity Schedules
- 2-Staff-142 Attach 4_2019 Legacy Guelph Fixed Asset Continuity Schedules
- 2-Staff-142 Attach 5_2019 Fixed Asset Continuity Schedules Reconciliation
- 2-Staff-146_Attach_1_AMI Acceleration of Depreciation
- 2-Staff-153 Attach 1_UL and DLC Impact
- 2-Staff-155_Attach 1_Schedule 2-D
- 6-Staff-206_Attach 2_PILs Return Regulated Detail
- 6-Staff-209_Attach 1_Bill C-97 AIPP
- 6-Staff-209_Attach 2_Bill C-19 DIEP
