Mr. Ritchie Murray
Acting Registrar
Ontario Energy Board
Suite 2700, 2300 Yonge Street
Toronto, ON

Dear Mr. Murray,

Re: File No. EB-2024-0142
Request for Settlement Conference

We are counsel to Nyon Oil Inc. and 1170367 Ontario Inc. (collectively “Nyon”) in the above noted proceeding.

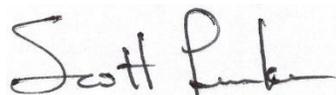

Pursuant to the Board’s Rules of Practice and Procedure and the Practice Direction on Settlement Conferences, Nyon respectfully requests that the Board convene a settlement conference.

This request is made on the basis that a focused, without-prejudice discussion among the parties may assist in narrowing the issues in dispute and potentially resolving certain factual and procedural matters, thereby promoting the efficient adjudication of the application and conserving the resources of both the parties and the Board. This application has a unique factual matrix, and Nyon believes that there are matters that may be amenable to resolution through a structured settlement process.

This request is made without prejudice to Nyon’s positions on the merits of the application.

Should the Board be inclined to direct a settlement conference, we are available at the Board’s convenience and would be pleased to coordinate scheduling with the other parties and Board Staff. We would also welcome any directions the Board may have regarding the scope, format, or timing of such a conference.

Yours very truly,
MASSEY LLP
