

# Home Renovation Savings Program

Visit the Home Renovation Savings website to learn more  
(<https://www.homerenovationsavings.ca/>)

## Making home renovations more affordable

Save on Energy and Enbridge Gas, supported by the Ontario government, have partnered to deliver the **Home Renovation Savings**<sup>™</sup> program to help Ontarians improve home efficiency\* and comfort. Whether you heat your home with

electricity, natural gas, oil, propane, or wood†, you can access rebates for energy-saving upgrades like insulation, heat pumps, smart thermostats, solar panels, as well as energy-efficient appliances.

---

## Your upgrades, your way

Homeowners will now have more choice, with flexible options for single and bundled upgrades for greater savings. You can choose to complete a home energy assessment and bundle up, plus, you can also complete single upgrades that help you save.

### Bundle and save!

Start with a home energy assessment, then complete two or more upgrades to receive your rebates.

### Home energy assessment

Get \$600 back

## Insulation

Up to \$7,700

---

## Windows and doors

Get \$100 back per rough opening

---

## Air sealing

Up to \$250

---

## Heat pump water heaters

Get \$500 back on qualified heat pump water heaters

Windows, doors and heat pump water heaters must be an [ENERGY STAR® certified model \(https://natural-resources.canada.ca/energy-efficiency/energy-star-canada/energy-star-products/list-energy-star-certified-products/13631\)](https://natural-resources.canada.ca/energy-efficiency/energy-star-canada/energy-star-products/list-energy-star-certified-products/13631).

## Single upgrades

Skip the home energy assessment. Receive rebates on eligible energy-efficiency upgrades.
