**Application for leave to construct natural gas pipelines
in the communities of Lanark and Balderson and
surrounding areas in the Township of Lanark Highlands
and Township of Drummond/North Elmsley**

PROCEDURAL ORDER NO. 2

March 5, 2026

Enbridge Gas Inc. (Enbridge Gas) applied to the Ontario Energy Board (OEB) on November 27, 2025 under section 90 and 97 of the *Ontario Energy Board Act, 1998*, for an order granting leave to construct approximately 14.7 kilometres of natural gas pipelines and associated facilities in the communities of Lanark, Balderson and the surrounding areas in the Township of Lanark Highlands and in the Township of Drummond/North Elmsley (Project). The proposed Project will provide approximately 286 residential customers with access to natural gas. Enbridge Gas has also applied to the OEB for approval of the form of land-use agreements and easement agreements it offers to landowners for the routing and construction of the Project.

On February 18, 2026, the OEB issued Procedural Order No. 1 which among other things, set the date of February 25, 2026 for the filing of a letter from Climate Network Lanark describing the evidence it is proposing to file.

On March 1, 2026, Climate Network Lanark filed its letter.

Climate Network Lanark acknowledged that its evidence proposal letter was filed three business days after the date set in Procedural Order No. 1 and stated that it would consent to an extension of the deadline for other parties to respond to its evidence proposal.

On March 5, Enbridge Gas filed a letter requesting an extension to some of the dates set in Procedural Order No. 1. In its letter, Enbridge Gas stated that the late filing of Climate Network Lanark's evidence proposal letter results in an overlap in the procedural timelines set in Procedural Order No. 1 and an unanticipated resource conflict for Enbridge Gas.. Enbridge Gas requested that the deadline for submissions on Climate Network Lanark's evidence proposal letter be extended to March 9, 2026 and the deadline for Enbridge Gas to respond to interrogatories be extended to March 23, 2026.

Findings

The OEB accepts Enbridge Gas's request for an extension to dates set for the filing of submissions on Climate Network Lanark's evidence proposal and the filing of Enbridge Gas's interrogatory responses.

The dates for the other steps in this proceeding as outlined in Procedural Order No. 1 remain unchanged.

Further procedural orders may be issued by the OEB.
