BY DELEGATION, BEFORE: Ceiran Bishop

March 5, 2026

INTERIM DECISION AND ORDER

Stelco Inc. filed an application on February 26, 2026, with the Ontario Energy Board (OEB) pursuant to section 60 of the *Ontario Energy Board Act, 1998* (OEB Act), for a renewal of its electricity generation licence.

Stelco Inc.'s electricity generation licence EG-2005-0509 is set to expire on March 8, 2026.

Considering the time required to process an application in accordance with the OEB's established practice and procedures, and considering the applicant's need for a licence to carry out activities as an electricity generator pursuant to section 57 of the OEB Act, the OEB finds it expedient to extend the term of the existing licence on an interim basis, pending the final disposition of the matter. This Decision and Order does not constitute a final decision on the application.

The applicant is reminded that it carries the onus of filing an application in a timely manner considering the OEB's typical timelines for processing licence applications.

IT IS ORDERED THAT:

1. The term of Stelco Inc.'s electricity generation licence EG-2005-0509 is extended on an interim basis until June 8, 2026, or until the final determination of the electricity generation licence application, whichever is earlier. The conditions of licence remain unchanged.
