Dear Donna Kwan:

Re: EB-2025-0021 Newmarket-Tay Power Distribution Ltd. Application for 2026 Rates

The Ontario Energy Board (OEB) issued a Decision and Rate Order in the above-noted proceeding on December 11, 2025. On March 4, 2026, Newmarket-Tay Power Distribution Ltd. (NT Power) notified the OEB by letter that there was a calculation error in the MIST meters rate rider for residential customers in the Newmarket-Tay Rate Zone.

In the calculation of the MIST meters monthly fixed rate rider, NT Power omitted dividing the total amount by 12 to develop a monthly fixed rate rider charge. NT Power stated that it currently completed billings for January 2026 and will begin billing for February 2026. NT Power has proposed the following remedy to correct the error:

- Correct the MIST meters rate rider on the tariff, effective January 1, 2026
- Apply a billing correction to the impacted customers' bills to refund the over collected amount, as soon as practicable
- Apply the corrected rate rider of \$0.10/customer going forward, as soon as practicable

The OEB has no concerns with NT Power's proposal to correct the error.

The correction can be found on page 1 of the Tariff of Rates and Charges attached to this letter. The second line under the Monthly Rates and Charges – Delivery Component for residential customers in the Newmarket-Tay Rate Zone now reads:

Rate Rider for Recovery of MIST Meters (2026) - effective until December 31, 2026	\$	0.10
---	----	------

The Tariff of Rates and Charges, as originally issued, stated:

Rate Rider for Recovery of MIST Meters (2026) - effective until December 31, 2026	\$	1.15
---	----	------

The OEB has issued a revised Tariff of Rates and Charges.

Any questions relating to this letter should be directed to Kelli Benincasa at kelli.benincasa@oeb.ca or at 416-440-7624. The OEB's toll-free number is 1-888-632-6273.

Yours truly,
