Hydro Hawkesbury Inc. has reviewed the Ontario Energy Board (OEB) staff submission dated March 3, 2026. Hydro Hawkesbury does not take issue with the positions outlined by OEB staff.

Considering OEB staff's recommendations, Hydro Hawkesbury has made the following updates to the Rate Generator Model:

### **Class A Consumption Data**

Hydro Hawkesbury has updated Tab 6 of the Rate Generator Model to include the Rate Class and associated customer volume for Rate Class 2 for 2024 in the table "Rate Classes with Class A customers – Billing Determinants by Rate Class."

### **Group 1 Deferral and Variance Accounts**

### **Cost of Capital**

### **Forgone Revenue**

All of which is respectfully submitted
