Dear David Ferguson:

**Re: Entegrus Powerlines Inc.
Ontario Energy Board File Number: EB-2025-0044
Errata for March 19, 2026, Decision and Rate Order**

The Ontario Energy Board (OEB) issued a Decision and Rate Order for Entegrus Powerlines Inc. (Entegrus Powerlines) on March 19, 2026. Schedule A Tariff of Rates and Charges included within this Decision and Rate Order contained the following three typographical errors:

- For the Sentinel Lighting Service Rate Class, the Rate Rider for the Disposition of the Global Adjustment Account for non-Regulated Price Plan customers was shown on a kW basis; however, it should be applied on a kWh basis, consistent with all other rate classes.
- Endnote (Note 1) was omitted.
- Page breaks were missing throughout the document.

Pursuant to its powers under Rule 41.03 of the OEB's *Rules of Practice and Procedure*, the OEB may at any time, without notice or a hearing of any kind, correct a typographical error, error of calculation or similar error made in its orders or decisions.

The OEB has amended Schedule A Tariff of Rates and Charges, and the updated version of Decision and Rate Order is attached. This revised Decision and Rate Order supersedes and replaces the Decision and Rate Order that was previously issued on March 19, 2026. The revised Decision and Rate Order does not change the OEB's findings, nor any of the dates in the previous Decision and Rate Order.

Yours truly,

Ritchie Murray
Acting Registrar
