Dear Ms. Marconi,

**Re: Request for Extension
EB-2026-0054: Lakefront Utilities Inc. 2027 Cost of Service Application**

We are writing with respect to our upcoming Cost of Service Application, currently due on May 1, 2026.

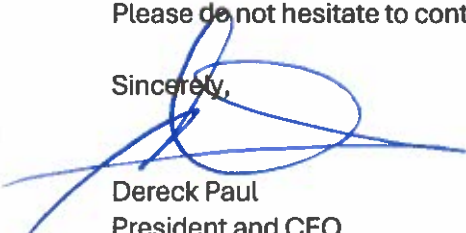

Management has been working diligently to prepare the application with the objective of meeting the prescribed deadline. However, based on the current status of the application and the remaining work required to ensure a complete and high-quality submission, we have determined that additional time is necessary.

Accordingly, we respectfully request a two-month extension of the filing deadline, to July 1, 2026. This additional time will allow us to finalize key components of the application and ensure that the submission is thorough, accurate, and complete.

We will continue to make every effort to advance the application and will file prior to the requested deadline should circumstances permit. We appreciate your consideration of this request and remain committed to keeping Ontario Board Staff informed of our progress.

Please do not hesitate to contact the undersigned should you have any questions or require further information.

Sincerely,

Dereck Paul
President and CEO
Lakefront Utilities Inc.
