**Re: EB-2025-0254 – Hydro One Review Motion of OEB Decision in Wasaga Distribution SAA Application**

Dear Mr. Murray,

Wasaga Distribution Inc. (WDI) has received Hydro One Networks Inc's Notice of Motion seeking review of the Ontario Energy Board's (OEB) March 19, 2026 Decision and Order granting the service area amendment application from WDI. The OEB has not yet issued a Procedural Order for next steps.

Rule 43 of the OEB's *Rules of Practice and Procedure* provides that a Review Panel may consider a threshold question of whether the motion raises relevant issues material enough to warrant a review of the decision or order on its merits.

WDI does not agree that the issues raised in the motion pass the threshold under Rule 43. WDI respectfully requests that it, and any interested parties, be afforded an opportunity to make submissions on the threshold question pursuant to Rule 43 prior to any consideration of the merits of the motion.

Respectfully,

*A Karamatic*
