Upcoming Motions Hearing and Filing Deadline
Ontario Energy Board (OEB) File Number: EB-2025-0297**

In Procedural Order No. 2, issued March 4, 2026, the OEB made provision, if needed, for a Motions Hearing scheduled for April 28, 2026. The objective of this Motions Hearing is to resolve any disputes that may arise before the technical conference starts on May 27, 2026.

Parties that plan to argue a motion at the April 28, 2026 Motions Hearing shall file with the OEB, and serve on all other parties and OEB staff, a letter explaining the subject of the motion with a brief rationale, by **April 24, 2026**. Any letters received will enable the OEB to create a schedule for the Motions Hearing, and enable OPG and DNNP LP to prepare. If no letters are filed, the April 28, 2026 Motions Hearing will be cancelled.

Further information on how to participate in the Motions Hearings will be communicated to parties closer to the date.
