Dear Melanie Brown

**Re: EB-2025-0018 North Bay Hydro Distribution Limited - Application for 2026 Rates**

The Ontario Energy Board (OEB) provided a draft Decision and Rate Order and a draft Tariff of Rates and Charges in relation to the above-noted proceeding on April 2, 2026. On April 9, 2026, in its comments on the drafts, North Bay Hydro Distribution Limited noted that adjustments from the March 19, 2026 update were not included.

These changes impacted the historical pre-2019 balances in account 1595. This does not impact the proposed closing balances and does not impact the rates and charges as account 1595 was not proposed for disposition. This final decision and order does however incorporate the updates from March 19, 2026, as they may be helpful in future rate proceedings.

The OEB has now issued a final Decision and Rate Order, together with a final Tariff of Rates and Charges. Copies of these documents are enclosed with this letter.

Yours truly,

Ritchie Murray  
Registrar
